COOKIE POLICY

Last updated: November 24, 2026

This Cookie Policy explains how DerSecur ("we", "us") uses cookies and similar technologies on derscanner.com. Please read it together with our Privacy Policy.

01

What are cookies?

Cookies are small text files that a website stores in your browser. They help the website work, remember your choices and show how visitors use it. Similar technologies, such as your browser's local storage, do the same job, and this policy covers them too. Some cookies are set by derscanner.com. Others are set by services that we use on the site, such as Google and Microsoft.

02

What cookies do we use?

Necessary ALWAYS ACTIVE	These cookies are needed for the site to work. They remember your cookie choices and note which channel brought you to the site, so we know where a form you send came from. They are always active.
Functional WHEN YOU USE A FEATURE	These cookies remember choices you make on the site, such as an email address you typed into a form or an announcement you closed, so you do not have to repeat them.
Analytics ONLY WITH YOUR CONSENT	These cookies help us understand how visitors use the site: which pages they open, where they click and which channels bring them. We use Google Analytics and Microsoft Clarity for this. We set analytics cookies only if you allow them. If you do not, these services run without storing cookies in your browser.

03

How to manage cookies

When you first visit derscanner.com, a banner asks for your consent. You can accept all cookies, reject the optional ones or choose by category. You can change your choice at any time with the Consent Preferences button in the bottom left corner of the page.

You can also block or delete cookies in your browser settings. If you block all cookies, some parts of the site may not work as expected.

04

Third-party services

Some pages include YouTube videos. The video player loads only when you open a video, and YouTube may then store information in your browser.

The services we use handle information under their own privacy policies: Google (Google Analytics, YouTube), Microsoft (Clarity) and CookieYes (the cookie banner).

05

Changes to this policy

We may update this policy when the cookies we use change. The date at the top shows the latest version.

06
